Allocation of funding

We take the number of government funded hours per month that your child is eligible for according to the sessions booked. These are then deducted from your invoice leaving you with an outstanding amount to pay for any non-funded hours/services/additional charges (if applicable). Please note that all inset days take place during holidays so no funded sessions are affected. If you move settings during the term once your funding has already been applied for, we may not be able to transfer the funding across so you may be liable for the full fees until the next funding headcount. If you have any doubts or questions about this, please ask the office for more information.

Funding is allocated by the government over only 38 weeks of the year, school terms are 40 weeks any out of term weeks will be at the full rate. If your child's place is fully funded they will only attend during the term dates.

Any parents with questions regarding the Early Years funding can speak to the nursery principal or accountant for clarification.

Information on 30 hours' free childcare for 3 & 4 year olds for working parents

All three and four year olds living in England are entitled to 570 hours of free early education and childcare a year. This is usually offered as 15 hours a week for up to 38 weeks a year and is a universal entitlement. It can be claimed through an Ofsted registered childcare provider the term after your child's third birthday.

The number of hours has now increased the hours from 15 to 30 a week for children of working families who meet their eligibility criteria. This means that eligible children will be able to receive up to 1140 hours of free childcare a year.

Below is a list of our most frequently asked questions about the extended entitlement. You can find additional information about the government's proposal to extend the free hours in their Childcare Bill: policy statement.

Who will be eligible to receive the extended entitlement?

- The extra free hours will be made available to families where:
- both parents are working (or the sole parent is working in a lone parent family)

Tel: 02031469655
E-Mail: info@belmontfarmnurseryschool.co.uk
Website: www.belmontfarmnurseryschool.co.uk

Address: Belmont Farm Nursery School, The Ridgeway, Mill Hill, London, NW7 1QT

- each parent earns on average a weekly minimum amount equivalent to working 16 hours at National Minimum Wage (NMW) or National Living Wage (NLW)
- neither parent has an income of more than £100,000 per year
- It is also proposed that the additional hours should be made available to families in the following circumstances:
 - both parents are employed but one or both parents is temporarily away from the workplace on parental, maternity or paternity leave
 - both parents are employed but one or both parents is temporarily away from the workplace on adoption leave
 - both parents are employed but one or both parents is temporarily away from the workplace on statutory sick pay
 - one parent is employed and one parent has substantial caring responsibilities based on specific benefits received for caring, or
 - one parent is employed and one parent is disabled or incapacitated based on receipt of specific benefits

Do I need to be working 16 hours a week to qualify?

The eligibility checker has been designed to accommodate parents with fluctuating incomes, such as seasonal workers, those on zero hours and the self-employed. So you do not need to actually be working 16 hours every week but your earnings over the next 3 months must be equivalent to the amount you would earn if you worked 16 hours a week at either the National Minimum Wage (NMW) or National Living Wage (NLW).

How can I confirm my eligibility?

Parents must check through the online eligibility checker. Please follow this link for more information: https://www.gov.uk/30-hours-free-childcare?utm_source=childcarechoices&utm_medium=microsite

If the checker shows you are eligible you will be given an eligibility code to take to your childcare provider. You will need to reconfirm your eligibility every three months to continue claiming the extra hours. You can find details of how you will be able to apply at:

https://www.gov.uk/childcare-calculator?utm_source=childcarechoices&utm_medium=microsite

Tel: 02031469655
E-Mail: info@belmontfarmnurseryschool.co.uk
Website: www.belmontfarmnurseryschool.co.uk

What happens if I no longer meet the eligibility criteria?

- If your family, no longer meets the criteria you will stop being eligible to claim the extra hours. However, there will be a grace period until the start of the next funded period to give you the opportunity to regain employment. If your circumstances change during the grace period you can reapply again and continue to receive the extra hours.
- You will still be able to receive the universal 15 hours of free childcare for all 3 and 4 year olds even if you are no longer eligible for the extended entitlement.

If I am eligible when can my child start to receive the extended entitlement?

- All children aged 3 or 4 (if they are eligible for the extended free entitlement) can receive the 30 hours from the start of the term following their third birthday.
- Please note : **All children aged 3 or 4** continue to be eligible for the universal 15 hour per week entitlement, even if they don't qualify for the extended 30 hour entitlement.
- Children **first** become eligible for the free entitlement from the start of the term following their third birthday.
- Children can receive the free hours until they either start in a reception class at a local authority maintained school or reach compulsory school age (which is the school term after their fifth birthday).

When can my child use the free entitlement hours?

- It is proposed that the free hours will be delivered as flexibly as possible and the free hours can be taken up any day of the week. Childcare providers will offer the free hours at different times/days so please speak to your childcare provider for details. However, you won't be able to:
- have any time before 6am or after 8pm claim more than 10 hours a day claim more than 30 hours a week claim more than 1140 hours per year use the funding at more than two childcare providers in one day.

Can I use the free entitlement with more than one childcare provider?

Yes, you can choose to take the free hours with up to three childcare providers. However, you must not exceed 30 free hours a week or use it at more than two childcare providers a day.

Parents can receive up to £2,000 per child, per year, towards their childcare costs, or £4,000 for disabled children – separate from funded entitlements. The offer will be available for children up to the age of 12, or 17 for children who are disabled.

To qualify, both parents will have to be in work, and each expecting to earn at least £115 a week – and not more than £100,000 each year.

Tax-Free Childcare can be used to pay for:

- Pre schools
- Registered childminders
- Day nurseries
- School based care (that is paid for, such as after-school clubs)

Parents can't claim Tax-Free Childcare at the same time as claiming tax credits, Universal Credit or childcare vouchers. Childcare providers can receive payments from both Tax-Free Childcare and childcare vouchers.

How does Tax-Free Childcare work for providers?

Childcare providers can sign up now for Tax-Free Childcare.

Letters were sent to registered childcare providers throughout September and October, inviting them to sign up and get ready for the launch of Tax-Free Childcare. They must do this in order to receive payments from parents through the scheme.

To sign up, childcare providers should visit www.childcare.tax.service.gov.uk and will need:

- The unique code (user ID) included in their invitation letter. The user ID was on the letter inviting providers to sign up for Tax-Free Childcare. If they've lost the letter, they will need to be sent a new one. Please contact the childcare service helpline on 0300 123 4097.
